WINE MENU

Inspired by art, nature, warm climate, sea breeze and fresh salt on the skin, this boutique wine selection is designed to play with the senses, the spaces and the moments shared around the table.

Our international selection brings together classic regions and contemporary references, prioritizing balance, freshness and character. Each wine was chosen for its unique expression, allowing every glass and bottle to tell a different story.

These are wines meant to be enjoyed in a tropical setting: vibrant, elegant and expressive, enhancing the cuisine without overpowering it.
